Dear Carol and Abe:

Thanks to both of you for your touching message. We have been friends for almost forty years and it seems like yesterday that we were together. Muñoz loved both of you and knew you to be true friends in good and in evil days, whenever it counted most. How he trusted you! He enjoyed your clear minds. My love with thanks for the great help you gave him and the great hopes.

Dear Ines:

Carol and I are deeply moved by your lovely note. It is difficult to accept the fact of your great loss.

I am meeting this afternoon with Alonso and others with respect to the Foundation. I, of course, want to participate and help in every possible way.

Carol and I send you our love.

Sincerely,

P.S. I have the sadness to report to you that our dear friend and housekeeper for 36 years, Marianne, died last Saturday. You and Munoz were so good to her.
